Our purposes in producing this video:

- Provides insight into the graduates in a personal way
- Provides a forum for the graduate to describe significant educational or life experiences
- Provides entertainment for the audience
- Provides insight into the homeschool world for those who may be unfamiliar

Each graduate will be video recorded live for approximately 30 seconds for this portion of the ceremony. While the graduate is walking across the stage to receive his /her diploma, the video will be playing on the big screen simultaneously.

Each graduate will select five questions from the following list and will prepare written responses to these questions which will be submitted to the video committee. This will be submitted online—instructions will be emailed to you in the next several days. Three of these questions will be chosen which will then be video-recorded. So, the answers to any three questions need to be about 30 seconds total.

- 2) Who has influenced you the most and why?
- 3) What life lessons have you learned?

- 5) What are you passionate about and why?
